

Welcome to the 35th All Ohio Model T Jamboree

We are very excited to have all of you visit historic Chillicothe, Ohio. It is the county seat of Ross County and Ohio's first and third capital city. It is home to Adena Mansion and Gardens, Yoctangee Park, Tecumseh Outdoor Drama, The Great Seal State Park, The Majestic Theatre, and a variety of historic earthworks.

Friday's tour will be approximately 40 miles. You will travel to the beautiful Scioto Trails State Forest. Once you enter Scioto Trails, it is a short drive to Lake Caldwell. At this point, folks are more than welcome to stop and stretch your legs and take in some scenery. From here, you will travel back toward town and make a stop at Hirsch's Fruit Farm, established in 1890. Once there, we have been assured that there will be plenty of fruits, vegetables, and delicious apple cider available. When you are finished at the fruit farm, you will then travel back to downtown Chillicothe. You will see a partial replica of the First Capital building, which is now the Courthouse. There are several murals to be seen, Yoctangee Park, and plenty of rich history to peak your interest. Everyone will be on their own for lunch. Paint/Water Street offers many places to eat, along with ice cream and candy shops as well if that tickles your fancy. Hope that everyone enjoys the day.

Saturday's tour will take you west of Chillicothe to the historic village of South Salem. The ladies of the Buckskin Community Church will furnish (for a small donation) coffee, donuts, and restroom facilities. Across the street, you'll visit the Salem Academy and the South Salem Cemetery where Queen Victoria's half-sister is buried. It's a fascinating story of how she came to live in South Salem. Leaving the village, you will travel through a covered bridge and on to Greenfield, where you will see the architecture, paintings, and statues displayed in the Greenfield McClain High School. Another fascinating story is how the school came to be. Lunch will be on your own in Greenfield or farther down the road. You will then take a route northeast passing the old Austin Mill (now the Austin Brewing Co.). You will go through Frankfort and pass by the Union-Scioto Local School Complex and the Ohio State Correctional Institute on your way to the Hopewell Culture National Historic Park. The park includes a walking tour of the mounds, Visitor's Center, and restrooms. Leaving there, you will see the V.A. Hospital. Heading south, you will pass Adena Hospital and return to the hotel complex through the Chillicothe Business District.

Sunday's tour will begin with a donut stop at The Great Seal State Park where you can enjoy the beautiful view that inspired the Great Seal of Ohio and a short Storybook Trail. From there, you will travel through several small towns north of Chillicothe including Kingston, Tarlton, and Oakland where there will be several options for gas, restrooms, and snacks. You will stop at Arney Run Park and Mink Hollow Covered Bridge built in 1887. There is a hiking trail available here also. You will then visit Glaciers Park and the Johnson Covered Bridge which was also built in 1887. You will then travel along the very scenic Clear Creek Road which has several spots to pull over, hike, take in the views, and rest. Your next stop will be a visit to the Jack Pine Glass Blowing Studio where you can watch glass blowing demonstrations and shop for one of a kind hand blown glass items. You will then travel into the small town of Laurelville where you can enjoy a visit to the Laurelville fruit farm. The lunch stop will be at Adelphi United Methodist Church. The last stop will be at the Na Zdravie Vineyard and Winery. From there, you will travel back to the hotel complex.

We are looking forward to seeing you and hope you enjoy your weekend in beautiful Chillicothe, Ohio.

Welcome

All Ohio Model "T" Jamboree

Your Host
Hotel
