Thanks to Bruce Klepinger for sending notes from the February meeting:

Twenty members were on hand for tonight's meeting, a lot of talk and fellowship proceeded the meeting, as well as after.

Main topic of the meeting was the 2016 Jamboree the club is hosting in Findlay Ohio. Jack brought us up to date as to tour destinations and planned meals. Club members were asked about type of Ice Cream and other important tour stuff. Jack has reserved places to eat and put deposits where needed. Help will be needed at the tour with parking, hospitality room and the vulture wagon. Carl Rismiller "volunteered" to run break down truck. Phil Wiesenberger, Railroaded himself to help be the Treasurer for the club. The Train Whistle blew several times tonight.

Bruce Klepinger asked if the club was interested repeating last year's shake down tour from Lima to Bradford (Bob Torbet's to the Klepinger house for a picnic.) Bruce had talked with the Richmond T club and they would like to meet up with us for the picnic. Date will be 5-21-2016. Carry in lunch after noon.

No further business, meeting was adjourned to consume Marilyn's diet food. Thanks Marilyn!!!

PS. some members are checking under cars to make sure their car is put together right; or maybe they are borrowing parts! (Kidding Jeff)

The Coil Doctor will present a Coil Tech Session on Saturday, March 12th, 10:30am at Jack Putnam's garage. Let Jack know if you plan to attend by Wednesday, March 9th. A box lunch will be provided by the club to those that RSVP.

The club's website has a Member's Vehicle page. If you would like your car shown, send an electronic version of the picture to Gary Nau (naugary@yahoo.com) or bring the picture to the next meeting.

Remember that this club is dependent on its membership to make it work. Everyone is invited and encouraged to put forward your thoughts and ideas to make this the best Model T club in Ohio.

Respectfully submitted,

Gary Nau – Secretary

Some pictures that were provided from the meeting. The first set of pictures is of the demonstration on how to find top dead center on a T.

The questionable investigation under a T.

I am looking for articles from members of projects they are working on, places they have been with their car, stories about their car, or anything you think the other members might find interesting. What you send me does not have to be print ready. Just a simple e-mail telling the story or supplying the details (with or without pictures) and I'll rewrite it into the newsletter format then send you a proof copy to read before it is published. If you have anything that you feel I could use in the newsletter please email it to naugary@yahoo.com or bring what you have to the next meeting.
