Brent talked about the front spindle and axle. Showed how to check if front axle is straight.

The "Tool Guy" brought tools for T's in the teens.

Jack showed the drive shaft bearings, old roller bearing and modern sealed bearings. Talked about what needs to be done to install the new modern bearings

The club's website has a Member's Vehicle page. If you would like your car shown, send an electronic version of the picture to Gary Nau (naugary@yahoo.com) or bring the picture to the next meeting.

Remember that this club is dependent on its membership to make it work. Everyone is invited and encouraged to put forward your thoughts and ideas to make this the best Model T club in Ohio.

Respectfully submitted,

Gary A. Nau – Secretary

I am looking for articles from members of projects they are working on, places they have been with their car, stories about their car, or anything you think the other members might find interesting. What you send me does not have to be print ready. Just a simple e-mail telling the story or supplying the details (with or without pictures) and I'll rewrite it into the newsletter format then send you a proof copy to read before it is published. If you have anything that you feel I could use in the newsletter, please email it to naugary@yahoo.com or bring what you have to the next meeting.
